It isn't much trouble for a really healthy man to be good humored. Jollity and exuberant health are a proverbial combination. The hearty man who is always laughing doesn't have any trouble with his digestion. It has been said that laughing makes people healthy. The truth is that health makes people laugh. It is impossible to estimate the tremendous influence of health upon human character. A man with a headache will not be in a happy, contented frame of mind. A man who suffers from a weak stomach and an impaired digestion will sit and grumble through the best meal ever prepared. A bilious man who is not a bore, is deserving of a place in a museum. A nervous man who is not petulant and fault-finding is a curiosity. All these conditions lead to grave diseases, when the victim becomes not only disagreeable, but dependent as well. A wise wife will realize that while the old saying that a "man's heart is in his stomach" is not literally true, it is a fact that his stomach sweetens or sours his character according as it is healthy or unhealthy. Dr. Pierce's Golden Medical Discovery is the best of medicines for the conditions described. It makes the weak stomach strong, the impaired digestion perfect, invigorates the liver, purifies and enriches the blood and tones the nerves. It tears down half-dead, inert tissues and replaces them with the firm muscular tissues of health. It builds new and healthy nerve fibres and brain cells. It dissipates nervousness and melancholy and imparts mental elasticity and courage. It is the best of all known medicines for nervous disorders.

THE CRIME OF '73.

One of the charges against Senator Stewart which has given his opponents a vast amount of publication is the accusation that in 1873 he voted for the bill demonetizing silver. It will be remembered that on the 12th day of February, 1873, Congress passed an act entitled, "An Act Revising and Amending the Laws Relative to the Mints, Assay Offices and Coinage of United States." Senator Stewart has never made any secret that he voted for it. But he has successfully shown that the section demonetizing silver was not known at the time to have been in the bill. "It was passed," says James A. Garfield, "as dozens of other bills have passed, on the faith of the chairman of the committee reporting it." The Chairman of the Finance Committee of the Senate who reported the measure was Senator John Sherman. It is a strange fact, in conjunction with the other mysterious circumstances attending the passage of the act, that Senator Sherman and a majority of the Finance Committee who had reported the bill favorably, voted against the measure upon its passage. There is no other known parallel to such a procedure as this in the parliamentary annals of America.

The metropolitan journals of 1873 had no knowledge that silver had been demonetized. No mention that one of the great money metals of the world had been stricken from its place in the coinage of this country can be found in their columns. This is a marvelous fact, and one of the greatest evidences of fraud in the demonetization of silver that could possibly be adduced. In support of the Senator's charge that the demonetization of silver was accomplished by fraud, through the insertion in a bill which had been pending before Congress for three years, and whose features were pretty generally understood, by the Chairman of the Committee having the bill in charge, without notification to Congress or warning, a brief section which completely changed the existing money standard of the country, let us append a few extracts from the Congressional Record.

Allen G. Thurman—I can not say what took place in the House, but know when the bill was pending in the Senate we thought it was simply a bill to reform the mint, regulate coinage, and fix up one thing and another, and there is not a single man in the Senate, I think, unless a member of the committee from which the bill came, who had the slightest idea that it was even a slight toward demonetization.—Cong. Record, vol. 7, part 2, Forty-fifth Congress, second session, page 1064.

William B. Allison—But when the secret history of this bill of 1873 comes to be told it will disclose the fact that the House of Representatives intended to coin both gold and silver, and intended to place both metals upon the French relation instead of our own, which was the true scientific position with reference to this subject in 1873, but that the bill afterwards was doctored, if I may use the term, and I use it in no offensive sense, of course.— * * I said I used the word in no offensive sense. It was changed after the discussion, and the dollar of 420 grains was substituted for it.—Cong. Record, vol. 7, part 2, Forty-fifth Congress, second session, page 1065.

James G. Blaine and Daniel W. Voorhees—Mr. Voorhees I want to ask my friend from Maine, whom I am glad to designate in that way, whether I may call him as one more witness to the fact that it was not generally known whether silver was demonetized. Did he know, as the Speaker of the House, presiding at that time, that the silver dollar was demonetized in the bill to which he alludes? Mr. Blaine. I did not know anything that was in the bill at all. * * * The Senator from Indiana, did he know? Mr. Voorhees I frankly say that I did not.—Cong. Record, Feb. 15, 1878, page 1068.

Wm S. Holman—I have before me the record of the proceedings of this House on the passage of that measure, a record which no man can read without being convinced that the measure and the method of its passage through this House was a "colossal swindle." I assert that the measure never had the sanction of this House, and it does not possess the moral force of law.—Cong. Record, vol. 4, part 6, Forty-fourth Congress, first session, appendix, page 193.

James A. Garfield—Perhaps I ought to be ashamed to say so, but it is the truth to say that, I at that time being Chairman of the Committee on Appropriations, and having my hands overfull during all that time with work, I never read the bill. I took it upon the faith of a prominent Democrat and a prominent Republican, and I do not know that I voted at all. * * * It was put through as dozens of bills are, as my friend and I know, in Congress, on the faith of the report of the Chairman of the Committee; therefore I tell you, because it is the truth, that I have no knowledge about it.—Cong. Record, vol. 7, part 1, Forty-fifth Congress, second session, page 939.

James B. Beck—It the bill demonetizing silver never was understood by either House of Congress, I say that with a full knowledge of the facts. No newspaper reporter—and they are the most vigilant men I ever saw in ob-

taining information—discovered that it had been done.—Cong. Record, vol. 7, part 1, Forty-fifth Congress, second session, page 260.

IMPORTANT RESOLUTIONS.

Adopted Last Night by the Saloonmen's Protective Association.

At a meeting of the Saloonkeepers' Protective Association held last evening the following resolutions were adopted without a dissenting vote:

Whereas, It is easier for a camel to pass through the eye of a needle than for some candidates to loosen up; and, Whereas, During this campaign it seems a sort of pulmonary impossibility for the parties before mentioned to "cough up," and,

Whereas, In our estimation, the most practical manner in which an office-seeker can demonstrate his ability to pilot the Ship of State is by steering schooners across the bar; therefore be it

Resolved, That any candidate who does not travel the cocktail route at least once a day between now and election time, or whose sentiments on the irrigation question are in any way a matter of mere conjecture, be and hereby is declared a foe to the palladium of our liberties and a menace to the barrellegum of our jaggerites and is unworthy the confidence or the vote of the drinking public.—Va. Italian Marriage Brokers.

In Genoa there are regular marriage brokers who have lists of marriageable girls of the different classes with notes of their personal attractions, fortunes and circumstances. These brokers go about endeavoring to arrange connections in the same old hand way that they would a merchandise transaction. Marriages there are more often a simple matter of business calculation, generally settled by the relatives, who often draw up the contract before the parties have seen each other. It is only when everything has been arranged and a few days previous to the marriage ceremony that the future husband is introduced to his intended wife. Should he find fault with her manners and appearance he may annul the contract on condition of defraying the brokerage and any other expenses incurred.

The Dough Head Discovered.

That truth is stranger than fiction is illustrated by the following true story, relates the Lapeer Press: About 40 years ago a boy was kicked by a horse. The physician attending the case found his skull was broken, and a good share of his brains had leaked out. Thinking to do the best he could and knowing it would not do to leave the place vacant, the doctor took buckwheat flour, and making a thick batter, trepanned the skull and filled the cavity. That boy lived and grew to be a man, weighs 250 pounds and is smart as most men. Living not far from Oakwood, he does business in Lapeer quite often and in all right, only once in awhile that buckwheat batter will rise, and then he is daff for a time. Dr. William Rossman, who died in this city, did the surgical job.

An African Mother-in-law.

A native has been committed to the high court for trial for mutilating his mother-in-law by cutting off her ear. The native averred that his mother-in-law had attempted to entice her daughter away from him, her lawful husband, to some other native, and he took the extreme measure of cutting off her ear as a gentle hint to mind her own business.—Gwelo Times.

Not Wanted.

"I have here," he began, "a little poem, the child of"— "Sorry," interrupted the editor, "but I couldn't think of taking a child away from its parent."—Harlem Life.

Senator Stewart at Verdi.

Senator Stewart, accompanied by Hone. F. H. Norcross, H. A. Waldo, Jacob Gooding, Wm. Thompson and J. O. Hagerman visited Verdi last evening, where an enthusiastic Silver meeting was held. J. E. Southeron presided and all of Verdi turned out. Senator Stewart made a telling speech. General Hagerman followed the Senator in an excellent and entertaining talk on the issues of the day.

To-night the local Silver candidates will visit Verdi and hold a routing meeting.

KILLED BY HIS FORTY.

The "Evening Report" Thinks the Sage of White Pine Has Bid a Long Farewell to all His Greatness.

Another idol is shattered, another joss has fallen, another aspirant for political preferment has bought a ticket for Salt Creek, and gone the way of all has-beens, says the Virginia Report. A. O. Cleveland, candidate for Governor on the Republican ticket, candidate for the nomination for Governor on the Silver ticket, and candidate for any old thing on any old ticket, committed political harikari at Reno Saturday night. The man who led the Republican cohorts in 1894, and who aspired to be standard bearer of the Silver party in '98, who served term after term in the State Legislature and who, as erstwhile lobbyist for the Southern Pacific, successfully avoided all the pitfalls which the cinchbill legislator spreads for the feet of the railroad manipulator, fell a victim to the will of the muse, and made a holy show of himself by reciting as his own such villainous efforts at doggerel as would shame the efforts of the meanest connoisseur of motto, candy or comic valentine verse, that ever cursed mankind with his pernicious presence. Take this as a sample:

Senator Stewart wants to be re-elected to the Senate; he wants to go back. He is growing old and feeble, but of cheek and deceit he does not lack.

He will hollar for silver and Southern Pacific and make a noise like a ram, But for the interest of Nevada he don't care a damn.

Ye gods, ye gods! And to think that the man who could be guilty of such a silly, idiotic outrage upon the English language, should have the nerve to ask the people of Nevada to send him to Congress to make them the laughing stock of the nation through his ignorance and illiteracy! Up to Saturday night we thought the name of A. O. Cleveland one to conjure with, a trumpet blast to wake the spirits of departed patriots and range them into a glorious phalanx in defense of the cause of Home Rule, railroads to the moon and other crying necessities of the down-trodden serfs of Nevada. But how the might have fallen! Just listen to this and if ye have tears prepare to shed them now:

If you go back to Washington to stay, don't again fool with a woman who will give you away. I suppose you have all heard of the racket in Washington a few years past,

When he got into trouble with one Mrs. Glass.

You must know that such things in Washington come rather dear

If it ever gets back to the people here, and another thing, Bill, you will see, too,

Not to monkey with the girls at seventy-two.

You have made the people think that you were fooled by old John Sherman,

But you will never make them believe that you were seduced at your age by a woman.

Oh, A. O. Cleveland, A. O. Cleveland, what have you been a-drinking? What particular brand of White Pine rot-gut have you been a-putting into your mouth to steal away your brains—which people say you had once upon a time?

Go to, A. O. Cleveland, go to! Go to a primary school and inquire what 10-year-old would father such immortal rot as you perpetrated on that fatal Saturday night at Reno when you so far forgot yourself as to tamper with the immortal muse. But fools rush in where angels fear to tread, and A. O. Cleveland will continue to run for the United States Senate and write "poetry."

Amende Honorable.

In Tuesday's issue of the JOURNAL there appeared a communication signed with the initials, F. J. W. That communication was handed the regular reporter of this paper by a person believed by him to be trustworthy and was published as a contribution to the political literature of this campaign.

The purport of the denunciation was an alleged conversation said to have been overheard by the party whose initials were signed to it, between Messrs. R. K. Colcord, A. O. Cleveland and A. O. Bragg, and the subject of the conversation was in reference to the Elko Tidings, and its editor Mr. Riddle.

The JOURNAL has since become convinced that the article did an injustice to all of the gentlemen above mentioned, and especially to Mr. Riddle, and here takes the opportunity of retracting the same. The JOURNAL is in the business of killing campaign lies and not exploiting them, and the public will always find that anything published in these columns which turns out to be not well founded will be cheerfully retracted.

The JOURNAL therefore extends an honorable apology to all of the gentlemen above named.

The Rebekah Party.

There was a good attendance at the Rebekah party at the Pavilion last night. It was a nice social affair and everybody had a good time. As a beginning of the dancing season it was a success.

The next event will be the candidates' ball under the auspices of the Reno Wheelmen's Club on November 4th.

B. F. Leete at the Opera House.

Hon. B. F. Leete will address the people of Reno at the Opera House on Saturday, October 24, 1898. Mr. Leete will discuss the money question, the Monroe doctrine, Hawaii, the Philippines and trusts and corporations. House will be open at the usual hour and Mr. Leete will commence his address at 8 o'clock.

BURNED TO DEATH.

The Clairville Hotel Destroyed and Five Lives Lost.

Word came yesterday afternoon that the Roberts Hotel at Clairville, Plumas county, was destroyed by fire yesterday morning a little before 5 o'clock. Mrs. Coronado, mother of Mrs. Chas. Roberts and Florence Vanina, a granddaughter of Mrs. Coronado, Pompey Pedrini, a saw-mill man, a man named Carson Burney and a young woman employed as a waitress in the hotel were burned to death. Several others barely escaped with their lives. Joe McCormick, son of the V. & T. conductor, who is conductor of the Sierra Valley passenger train, also express messenger, was awakened and rushed out of his room but found the stairs burning. He returned to his room and jumped from a window to a shed which was on fire and from there to the ground, escaping a fearful death. He did not save a thing except the night shirt he had on.

The cause of the fire is unknown, but it is thought that it caught from a defective flue. Everything in the building is a total loss.

The hotel was owned and carried on by Mr. Chas. Roberts, formerly of Reno, and the loss will rest heavily upon him. It was not learned whether or not there was any insurance.

A Fine Entertainment.

The Middle Class of the Reno High School gave a most pleasing and excellent entertainment at the High School rooms last evening. The musical part of the programme reflected great credit on Mrs. Layton, the dialogue was a gem in its way, and the readings and recitations were well given.

A school entertainment is always in Reno an interesting event as a test of class ability, and that of last evening showed fine talent in the Middle Class. The receipts were not large but let the class give another such entertainment and they will have a packed house. Following is the programme:

A Former Nevada Boy Fired the First Artillery Shot at Manila.

Chas. Varian, Jr., son of O. S. Varian, the attorney, and who lived in Reno when a small boy, fired the first artillery shot in the land battle at the taking of Manila. He is a member of the Utah Battery and their station was right in the front, close enough in fact to hear the Spaniards work the magazines of their Mauser rifles. Finally the word was given and the battle began. Young Varian had charge of one of the artillery guns as gunner and he made his gun talk from the first shot until the battle closed. Kneass had charge of a second gun and quickly followed Varian. Both boys were stripped to the waist and at the close of the engagement were ready to drop from exhaustion.

The U. S. troops lost ten killed and twenty wounded in the battle and the loss on the Spanish side was estimated at between three and four hundred.

Remedy for Sore Throat.

A teaspoonful of sugar saturated with coal oil allowed to dissolve in the mouth and slowly swallowed affords quick and sure relief in cases of croup, diphtheria and sore throat. It can be got down the throat when so swollen and inflamed that water even cannot be swallowed. Remember this simple remedy.

Will be Mustered out Next Week.

Roy Stoddard, now at Jacksonville, Florida, with Torrey's Rough Riders, writes to his folks here that Troop M, Nevada volunteers, will be mustered out on the 26th of this month. He says that the boys are anxiously awaiting the day and most of them will start for home as soon as discharged.

Bill Walker, a pugilist of note and who was knocked out last Monday night at Omaha, died after having been unconscious fifty six hours.

WEATHER BULLETIN.

(Copyright, 1898, by W. T. Foster.)

ST. JOSEPH, MO., October 22.—My last bulletin gave forecasts of the storm waves to cross the continent from 24th to 26th.

The next disturbance will reach the Pacific coast about the 29th, cross the West of Rockies country by close of 30th, great central valleys 31st, to November 3d, Eastern States 3d to 5th.

Warm wave will cross the west of Rockies country about 29th, great central valleys October 31st, Eastern States the Nov. 2d. Cool wave will cross the west of Rockies country about November 1st, great central valleys the 3d, Eastern States the 5th.

Temperature of the week ending November 7th will average below normal in the Northern States east of the Rockies, about normal in the Southern States and on the Pacific Coast.

The first week in November will bring a cold wave to the Northern States, and, starting in cool, the same week will bring a wave of high temperature to the Southern States.

A Popular Farce Comedy.

The most popular and highly successful farce comedy on the road this season is undoubtedly "Hogan's Alley." It is a most laughable comedy in three acts, by W. H. Macart, and introduces to the public the famous "Yellow Kid" and all the merry crew that inhabit that renowned quarter of Gotham. Mickey Dugan, the "Yellow Kid," is undoubtedly the most famous creation of modern fiction and his bright ideas, witty sayings, sage advice and humorous narratives have been read with the keenest of pleasure by thousands of people all over the country. In the new farce comedy, "Hogan's Alley," he is surrounded by the brightest talent on the stage and is presented in a vehicle of humor that lingers in the memory, causing tears of laughter to stream from the eyes for months after his visit. In addition to the very latest songs, ballads and rag-time melodies, several new features, including the New Hogan's Alley, the Hogan Cycle Club, and Hogan's Illuminated Roof Garden, have been introduced for the present tour. "Hogan's Alley" under the direction of Deloher & Hennessy will be seen in this city at the Opera House on Wednesday the 26th.

PLATFORM.

The Silver Party of Nevada pledges its unwavering devotion to the principle of government aid to the miner by Jefferson and Lincoln. That the highest duty of government is to protect the rights of the citizen, and that the spirit of equality shall follow men through life, giving each ample opportunity to work out to the fullest measure his individuality, unrestricted by law, and untrammelled by the customs of his dominion, or the prejudices of his race. We endorse as expressing the demands of the American people in consonance with the foregoing, the platform of the National Silver Party formulated at St. Louis July 23, 1896, and the final plank of the National Democratic party adopted at Chicago July 7, 1896.

The history of the movement for the restoration of free silver to the nation is the history of the struggle of the people for the restoration of the gold standard, and the restoration of the gold standard is the restoration of the gold standard.

We reaffirm our devotion to the free and unlimited coinage of silver at the rate of 16 to 1 by the independent action of the United States, and we are a tenacious opponent to the Republican policy of increasing the bonded debt of the government to finance money to banking institutions, or contracting the circulating medium to the single gold standard and of increasing taxation while contraction is diminishing the means of payment.

Our faith in the loyalty ability and wise leadership of William J. Bryan is undiminished and we prefer to the silver forces of the United States with 16 to 1 as their motto and William J. Bryan as their standard bearer, an overwhelming victory in 1896.

We invite the co-operation of the Republican party of Nevada who declared in their platform of May 29, 1896 as follows:

"Resolved That the Republican party of this state is in favor of free and unlimited coinage of both gold and silver, that it holds to this principle as a tenet of party faith and a test of party allegiance, that it will make no compromise, abandonment or modification of this doctrine; that let whosever prove recreant to the principle of bimetalism it will remain steadfast thereto."

And who on May 9, 1896, at Virginia City, declared as follows:

"We again reiterate our steadfast devotion to the cause of the free and unlimited coinage of silver and declare that in our judgment the restoration of the true bimetallic standard of value as it existed previous to 1835, namely, as the ratio of 16 to 1, is an absolute and indispensable requirement before the financial system of our government will afford the people a value of stable circulating money sufficient to place the business of the country on a permanently prosperous basis."

We endorse the action of Nevada's representatives with respect to tariff and financial legislation, commending their patriotic support of the administration in time of war, whilst using all efforts to prevent the issuance of bonds.

We say to the Republican party of Nevada: Do not the beneficent results of the tariff subsidies of the Dingley bill which affect Nevada, and which Nevada's Silver representatives secured, namely wool cattle hides cranberries and hams, fall upon you as the rain falls upon the just and the unjust? And if so, in what manner could Republican Representatives have done more?

We say to the Democratic party of Nevada: Has not the action of Nevada's Representatives on financial legislation been in keeping with the Democratic platform of 1896, and, in this respect, could Democratic Representatives have done more?

We express our profound appreciation of the tireless efforts of Nevada's grand old man, Wm. M. Stewart, not only as the leader of the silver cause in America, but for his great devotion to the local interests of the State, as exemplified by the fact that he has been the author of many of the important measures affecting Nevada's interests which have been enacted by Congress, namely, the mining laws of the United States the Carson Mnt. the Stewart Institute, the establishment of the Agricultural Experiment Station, which enables the State University to receive \$40,000 a year from the federal government, and the securing of a military instructor at the State University.

We further commend his efforts, now likely soon to be crowned with success, to secure the payment to the State and citizens of Nevada of nearly half a million dollars for monies expended in the suppression of the war of the rebellion and Indian outbreaks. We endorse his proposal to secure legislation making Lake Tahoe and vicinity a national park, and government purchasing on an equitable basis the rights of parties whose interests are affected, as not only preserving from destruction one of Nature's grandest works but giving the National Government control for irrigation purposes of a great lake reservoir which will guarantee the farmers along the Truckee river more water for irrigation, and enable a vast additional area of arid land to be brought under cultivation.

We earnestly recommend the re-election of Wm. M. Stewart to the Senate of the United States, and pledge the Silver party of Nevada and the nominees of this convention to his support for that office.

To our other Senator, John P. Jones we extend the greeting of a people who rejoice that they have such a great public servant who has honored the commonwealth which has delighted to honor him. His prominent knowledge of all financial questions has been used by him for the benefit of the whole world and his speeches in the United States Senate upon the silver question have become the text book of those statesmen who are devoted to the interests of the whole people.

We take pride in the career of Francis G. Newlands in Congress notably in the fact that he has been in six years to a place among the leaders of the House and that his influence in public affairs is becoming more and more manifest as is shown by his great part in the reclamation of the Hawaiian Islands and in the reclamation of the Hawaiian Islands and in the reclamation of the Hawaiian Islands.

Recognizing the importance of State development upon agricultural lands we commend the efforts of our Representative in Congress to secure for the State of Nevada legislation looking to the reclamation of arid lands and the storage of water in reservoirs and in Congress our Senators and Representatives in Congress to secure the passage of the irrigation bills now before Congress introduced by our Representative Francis G. Newlands.

The United States is now in the right control of Cuba Porto Rico, and the Philippines, and we are in favor of holding, the same until the American people shall have time to consider and make such disposition of the new acquisitions as sound policy and the interests of the whole country may require.

We favor the construction of the Nicaragua canal by the Government of the United States of America as a public and commercial necessity.

At the last session of Congress a law having been passed providing for the settlement of the indebtedness of the Central Pacific Railroad to the Government of the United States the terms of which require the payment of the entire debt principal and interest, within ten years, with interest at the rate of 3 per cent per annum, and on failure to make such settlement within one year, the mortgage lien of the United States to be at once foreclosed and the property sold to the highest bidder we favor foreclosure according to the terms of said Act in case its conditions regarding settlement are not complied with.

Certain decisions of the United States courts having shorn the Interstate Commerce Commission of the authority and powers unduly and intended to be conferred upon it when originally enacted, no favor such amendments to the Act as will make it an effective protection to the people against discriminating tariffs.

The heroism and valor of the American soldier and sailor have won additional laurels during this war with Spain. The story of the brave deeds of our naval and military heroes will forever form a glorious page in American history. On land as well as sea American soldiers have proved their unshaken courage and valor. Praising those who fought our battles, we recognize the fact that no citizen of these United States is so idle that he can sit at home and do nothing to aid the cause of our country. We demand that the full and complete support of the United States be given to the cause of our country.

Resolved That the Republican party of this state is in favor of free and unlimited coinage of both gold and silver, that it holds to this principle as a tenet of party faith and a test of party allegiance, that it will make no compromise, abandonment or modification of this doctrine; that let whosever prove recreant to the principle of bimetalism it will remain steadfast thereto."
